

BIRD STUDIES  
ÉTUDES D'OISEAUX CANADA

BIRD-FRIENDLY SCHOOLS

# Participate...

## PROJECT FEEDERWATCH

Count winter birds at feeders for Citizen Science from November-March.

## PROJECT NESTWATCH

Monitor breeding birds at school for Citizen Science from April - June.

## SCHOOLYARD BIRD BLITZ

Explore your schoolyard to identify and count birds in May.

## VIRTUAL ORNITHOLOGY

Bring bird science to your classroom with our distance education programs.

## MIGRATION EDUCATION

Learn about migration and how birds are tracked for science.

# Conserve...

## LEARN ABOUT BIRDS

Connect with local bird life through Citizen Science and conservation activities.

## PREVENT COLLISIONS

Avoid collisions by reducing reflections and placing feeders away from windows.

## PROTECT FROM PREDATORS

Keep cats indoors, and protect feeders and nesting boxes from predators.

## WELCOME BIRDS TO WILD SPACES

Plant native vegetation to provide food and habitat for birds.

## BUY BIRD-FRIENDLY

Support bird-friendly alternatives like certified, shade-grown coffee.
